

LET'S LEARN ABOUT CHEMISTRY

STEPHANIE RYAN, PHD

Let's Learn about Chemistry is an exciting, groundbreaking book for children ages 0+! The goal of the book is to introduce science language early, but with fun everyday examples. With an interactive storyline asking, Which of these things is not like the other? children are introduced to chemistry concepts. The illustrations show four children playing with their favorite toys. They take turns guessing and explaining throughout the book. It is a colorful, engaging, and educational way to read about science!

Release Date: June 2nd, 2020
